

## FLEECE PURSE

### Items needed:

Fleece—two pieces 8.5" x 11" and one piece 4" x 24" for strap

Use pattern on next page to cut two pieces of fleece for pouch of purse. Cut slits in pouch as indicated on pattern. Cut slit in each end of 4" x 24" strap. Slit should be at center of each strap and about 2 inches long.

Tie pouch of purse together along edges. Tie strap onto purse at top corners of pouch.

**HELPFUL HINT...** Joann Fabrics is a great place to get fleece. When their fleece is on sale for half price (happens frequently), check the remnants. Remnants are half off the current price, so if it's 50% off, the remnant would be 75% off!
