

## STUFFED BEAR

### Items needed:

- Fabric (cotton works best)—two pieces 8.5 " x 11"
- Thread for sewing
- Ribbon or yarn
- Sewing machine

Use pattern on next page to cut two bear shapes. Place bears **WRONG SIDES** together. Sew around edges using  $\frac{3}{8}$ " seam allowance. Leave opening on leg. Stuff with batting. Sew closed opening in leg. Cut seam allowance into fringes,  $\frac{1}{4}$  -  $\frac{1}{2}$ " apart. Tie bow around neck with ribbon or yarn. (When using yarn for the tie, a couple different colors of yarn looks best.)
